Cutting, Sewing and Pattern Making Course – Tailoring Specialization

Sewing course in Zurich, available at Swiss Fashion Academy

Would you like to learn how to sew? Is your dream job in the fashion field? Do you already work in the Fashion Design sector but would you like to complement it with a tailoring course? Then the Swiss Fashion Academy, an certified training institute, is the right place for you!

At our fashion school, we believe that a sewing course has more to offer than just learning how to sew. Therefore, we train specialists for this sector and offer not only our sewing course but all courses and workshops in various languages such as German, English, Portuguese and Spanish. Make your dream come true and become a tailor or an expert in Cutting, Sewing and Pattern Making through our training.

The professional profile of a Cutting-Sewing-Tailoring Expert:

The professional, who's trained in Cutting, Sewing and Tailoring receive the title of Patterns Technician or Tailoring Technician. He/she acts in the fashion industry developing patterns of

clothes and/or accessories with the proper technical knowledge. The pattern designer cuts his molds in order to produce functional pieces, following the trends. Knowledge of calculations, shapes, production, costs and quality control is required. To follow this area, the student must have a creative and flexible personality, as well as the ability to work with precision - which you'll learn with our tailoring classes.

Objectives of Fashion Tailoring Course:

By completing the 6-month Cutting, Sewing and Modeling course program, the student will be able to:

- Acting as an independent professional, either on his own or on behalf of others;
- Make basic patterns by measure or using standard measurement tables;
- Interpreting model data sheets;
- Make cutting plans;
- Manufacture women's/man's clothing.

Sewing classes for beginnerse – Prerequisites for application:

- Minimum 16 years;
- Interest in fashion research, raw materials, market studies, history and trends;
- Interest in clothing development;
- Interest in geometry and calculation;

Tailoring classes in Zurich – Theoretical content:

- What it is to be a tailor;
- Main types of raw materials and how to identify them;
- Textile technology;
- Types of needles and their specifications;
- Knowledge of specific geometric rules for modeling.

Cutting, Sewing and Tailoring Course – Practical content:

- How to sew zippers, sew on buttons and sew buttonholes;
- Knowledge of sewing machines and their operations;
- Types of needles available and their uses;
- How to work with delicate raw materials (leather for example);
- How to work with specific geometric rules for tailoring;
- Fine trimmings;
- Hems using a machine and by hand;
- Cutting patterns;
- Types of pockets and how to adapt them to the desired piece;
- Study of sleeves and their basic tailoring;
- Study of collars and their basic tailoring
- Manufacturing pieces: cutting/tailoring and sewing skirts, basic blouses, dresses, suit trousers and classic blazers;
- Basic tailoring and adaptation of pieces, according to one's own ideas.

Periodic evaluation and conclusion of the certified Sewing Course at Swiss Fashion Academy:

Theoretical and practical tests, as well as work proposed during the entire training course, will be evaluated and scored by the instructors of the Cutting-Sewing-Tailoring Course. The student is expected to be available, pre-disposed and interested in research on their own account, and to deepen the theoretical content. The practical home training of the techniques learned at school is fundamental.

As a course conclusion work, students must present a straight skirt, a basic blouse, a dress and pants. Students who pass the Cutting, Sewing and Modeling course will receive a certificate from the Swiss Fashion Academy proving that they have the necessary expertise, sufficient to be autonomous.
